

## **COLOR SCHEMES**

|

CARRIAGE GATE CLUSTER ASSOCIATION  
 Exterior Specifications  
 Updated 4-16-07

This document is intended to ensure all Carriage Gate residents conform to the standard specifications for their homes. All homeowners must use the colors and materials as identified with the following exception: The Reston Association Design Review Board has approved a change of color combinations within the existing palette as long as no two adjacent houses use the same color combinations.

The builder of Carriage Gate used a combination of Martin Senour and McCormick paints. A cross matrix was designed for both suppliers.

Since so many builders used Martin Senour and McCormick paints in the past, Duron Paints in Herndon maintains a file of the original formulas for these colors and can mix them on request.

COLOR CODE	MARTIN SENOUR PAINTS (WILLIAMSBURG SERIES)		McCORMICK PAINTS (COLONIAL SERIES)	
1	Nicholson Store Red	#W86-1081	Old Colonial Red	#225

The following substitutes have been matched with existing colors to the extent possible. Roofs with the original shingles may remain "as is" and any existing stocks of the original roofing material may be used until exhausted. The approved cross-matched colors may be used as roofs are replaced.

Roofs with the original color have been noted with the current color as well as the matched color from the palette for which approval is requested. Matched roofing tiles are manufactured by Tamko Roofing Products, which are standard in the roofing business. A sample palette is available upon request.

Sample Roof	Current Color	Matched Color
11992	Timber Blend	Rustic Cedar
11994	Desert Wood	Weathered Wood
11980	Cedar Brown	Tweed Blend
11949	Golden Brown	Rustic Cedar
11917	Burnt Brown	Rustic Redwood
11982	Woodtone	Rustic Cedar
